

## The Brambach **Baby Grand**

The smallest grand piano made in an upright's space and price.

Wouldn't you be keenly interested if a friend said, "I know where you can buy the most wonderful little grand plane in the world! It is the Brambach Baby Grand, It will actually fit in that corner where your old upright stands -think of that! The price? No more than you were going to pay for a new upright.'

## A Perfect Grand Piano

Four feet, eight inches long--Four feet, six inches wide

Skeptical folk come to see the Brambach and are immediately convinced that in its small and compact dimensions are concentrated every quality and superiority of a large grand piano.

If you love a grand plano, but are planning to buy an upright because it is less bulky and expensive-acquaint yourself with the Brambach at this store. Its beautiful mahogany will add distinction to your home. Its tone will compliment your musical taste.

cause the recent legislature "forgot" to pass laws fixing a punishment for automobile thieves and joy riders who "borrow" cars is one of the principal features of the annual report of Gould Dietz, president of the Omaha Automobile club. which was read at the annual meeting last night at the Commercial club. Steps are now being taken to prevent

another case of forgetfuliness in the same direction and a "reward and prosecution" fund is being considered. Another feature of the report that stood out prominently is a suggestion that sinessmen who own cars be compelled to house them somewhere instead of leaving them standing about in the

streets, near some office building. We're way behind Kansas City, St. Louis, Chicago and other cities in this regard," said Mr. Deitz. There are about 3,500 automobiles
